

Filmin

Test Plan & Scenario Checklist

A hands-on testing guide for every persona and feature. For each scenario: follow the steps, tick Pass or Fail, and jot any notes.

Test account 1	alice@filmin.test	password: password123
Test account 2	bob@filmin.test	password: password123

App URL (runs on Aziz's computer): <http://localhost:3000> | June 2026

How to Use This Document

FilmIN is currently a **development version** running only on Aziz's computer at **http://localhost:3000**. It is not on the internet yet, so testing remotely requires a screen-share with Aziz.

Two ready-made accounts are provided above. You can also click **Join free** to create your own account at any time.

Status key:

Label	Meaning	What to do
[READY TO TEST]	Built and working	Test it now; give feedback
[GAP - TEST & NOTE]	Should work but something is rough or missing	Test it; expect an edge — note what you find
[TEST LATER]	Planned, not built yet	Skip for now — listed so you know it is coming

For each scenario card:

- Read **Who**, **Goal**, and **Steps** before doing anything.
- Follow the steps exactly, then check whether the result matches **Expect**.
- Tick **Pass** or **Fail** and write any notes — confusing labels, slow loads, errors, or ideas all count.
- If a scenario is marked **[TEST LATER]**, skip it for this round.

Quick Summary — What to Test Now vs Later

Test now (the built MVP):

- Sign up, sign in, and **sign out**
- **Discover** page: browse people by role, plus trending, new releases & people to follow
- Search for a movie or TV show; open its page and see cast & crew
- Search for a person; open their page and see their filmography
- Claim your own page ("This is me")
- Edit your page (name, roles, location, bio, reel/website/Instagram links)
- **Upload a headshot for free** (the headline feature)
- Toggle "Open to work" and see the amber badge appear
- Follow and unfollow someone
- Write a post from your **Home** feed and see it appear
- See posts from your network (people you follow + people you've worked with) on Home; like and unlike them
- See **extended-network** posts (friends-of-friends) and "**People you may know**" suggestions
- The **cold-start** onboarding banner when your network is still small

Test later (not built yet):

- A "Worked-with" collaborator list **on a profile page** (the graph already powers the Home feed & suggestions, but a profile page has no dedicated section yet)
- Adding your own student/indie titles and credits
- Requesting a correction to a wrong or missing credit
- Searching people by role, location, or skill (filters)
- Shortlists, contacting/messaging people, mutual connections, endorsements
- Comments on posts
- Watchlists, ratings, reviews (the fan layer)
- Critic pages and published reviews
- Notifications, verification badges, reporting/moderation

Section A — Account & Access

A1

[READY TO TEST]

Who: Anyone new to FilmIN (e.g. Maya the aspiring actor)

Goal: Create a free account.

Steps:

- bullet Click **Join free** in the top right corner
- bullet Enter your name, email address, and a password
- bullet Click the submit / sign-up button

Expect: You are now signed in and land on the home page, which is your **personalized network feed**. The top bar now shows **Home**, **Discover**, **Me**, and **Sign out** instead of sign-in buttons.

[] Pass [] Fail Notes: _____

A2

[READY TO TEST]

Who: A returning user (use alice@filmin.test / password123)

Goal: Sign back into an existing account.

Steps:

- bullet Click **Sign in** in the top right corner
- bullet Enter the email address and password
- bullet Click sign in

Expect: You are signed in and land on the home page.

[] Pass [] Fail Notes: _____

A3

[GAP - TEST & NOTE]

Who: Anyone who mistypes their login details

Goal: See a clear, friendly error message (not a crash).

Steps:

- bullet Click **Sign in**
- bullet Type a wrong password and submit
- bullet Try again with an email that has never been registered

Expect: A readable error message appears explaining what went wrong. The page does not crash or go blank.

Note: Check: does the message make sense to a non-technical person?

[] Pass [] Fail Notes: _____

A4

[READY TO TEST]

Who: Anyone who wants to log out (important on a shared computer)

Goal: Sign out of the app.

Steps:

bullet Click **Sign out** in the top navigation bar

Expect: You are signed out and the top bar returns to **Sign in / Join free**.

[] Pass [] Fail Notes: _____

A5

[TEST LATER]

Who: Anyone locked out

Goal: Reset a forgotten password.

Steps:

bullet (Not built yet — skip this scenario for now)

Expect: A password reset email is sent.

[] Pass [] Fail Notes: _____

Section B — Catalog & Discovery

B1

[READY TO TEST]

Who: Joe, a general fan visiting for the first time (while signed out)

Goal: See something appealing on arrival without having to search.

Steps:

bullet Go to the home page (<http://localhost:3000>) while signed out

bullet Look at the layout, any images, and any title rows

Expect: A welcome/hero area appears, plus a **Trending now** row showing recent movie and TV show posters.

Note: Does it feel inviting? Are the posters loading correctly? Note: once signed in, the home page becomes your personalized feed (see Section D) — this marketing landing is the signed-out view.

☐ Pass ☐ Fail Notes: _____

B1b

[READY TO TEST]

Who: Joe or a film pro exploring who's on FilmIN

Goal: Browse people and titles on the Discover page (no search query needed).

Steps:

bullet Click **Discover** in the top bar (or go to /search)

bullet Look at the role chips, trending titles, new releases, and people to follow

bullet Click a role chip such as **Director** or **Actor**

Expect: Discover shows a real browse surface: role chips, a trending row, new releases, and people to follow. Clicking a role chip lists people in that role (it filters via **?role=**).

*Note: Discover doubles as search: typing a name (**?q=**) still returns people and titles.*

☐ Pass ☐ Fail Notes: _____

B2

[READY TO TEST]

Who: Joe, looking for a specific film

Goal: Find a 2025-2026 movie or TV show by name.

Steps:

bullet Click **Search**

bullet Type a title such as Captain America: Brave New World, Thunderbolts, Elio, or Fantastic 4: First Steps

bullet Look at the results

Expect: Matching titles appear under a **Titles** heading.

☐ Pass ☐ Fail Notes: _____

B3

[READY TO TEST]

Who: Joe or Quinn (the film fan)

Goal: See who worked on a title and jump to a person's page.

Steps:

- bullet Click a title from your search results
- bullet Read the poster, year, and summary on the title page
- bullet Scroll down to the **Cast** and **Crew** sections
- bullet Click on one person's name

Expect: The title page shows all the details. Cast and crew are listed and their names are clickable links that take you to that person's profile page.

[] Pass [] Fail Notes: _____

B4

[READY TO TEST]

Who: Carmen (casting director) or any fan

Goal: Find a specific person by name.

Steps:

- bullet Click **Search**
- bullet Type a person's name (try someone from a 2025-2026 title you know)
- bullet Look under the **People** heading in the results

Expect: Matching people appear with their main role shown. Clicking a name opens their profile page.

[] Pass [] Fail Notes: _____

B5

[READY TO TEST]

Who: Anyone

Goal: See a graceful 'nothing found' message when there are no results.

Steps:

- bullet Click **Search**
- bullet Type something nonsensical, like: zzzzzqqq

Expect: A clear 'no results' message appears. The page does not crash.

[] Pass [] Fail Notes: _____

B6**[READY TO TEST]**

Who: Anyone (this is a legal / compliance check)

Goal: Confirm that FilmIN credits its data source (TMDB).

Steps:

bullet Scroll to the very bottom of any page

bullet Look in the footer

Expect: A line crediting TMDB appears, something like "uses the TMDB API but is not endorsed by TMDB."

☐ Pass ☐ Fail Notes: _____

B7**[TEST LATER]**

Who: Anyone wanting to narrow a search

Goal: Filter or sort the catalog by year, genre, or popularity.

Steps:

bullet (Not built yet — search is name-based only for now)

Expect: Filter and sort controls appear alongside search results.

☐ Pass ☐ Fail Notes: _____

Section C — Professional Identity

This section covers the core "IMDbPro killer" feature: claiming and editing your own page for free, including uploading a headshot.

C1

[READY TO TEST]

Who: Maya, an aspiring actor (or any professional with an imported page)

Goal: Take ownership of your own page on FilmIN.

Steps:

- Search for a person who has not been claimed yet (the page will show an "Unclaimed" badge)
- On their page, find and click **Claim this page — free**
- If you are not signed in, sign in first
- Confirm the claim

Expect: The page becomes yours. An **Edit your page** link appears. The "Unclaimed" badge disappears.

Note: Was the 'this is me' moment obvious and satisfying?

☐ Pass ☐ Fail Notes: _____

C2

[READY TO TEST]

Who: Maya, Dev, Noor, or any claimed professional

Goal: Fill in your professional details on your page.

Steps:

- On your page, click **Edit**
- Set your **Display name** (required)
- Add your **Roles** as comma-separated text, e.g. Actor, Choreographer
- Add your **Location** and **Bio**
- Fill in any link fields: Reel URL, Website, Instagram
- Save the changes

Expect: All changes save successfully and show on your public profile page.

☐ Pass ☐ Fail Notes: _____

C3

[READY TO TEST]

Who: Maya (this is the headline feature IMDbPro charges \$150/yr for)

Goal: Upload a profile photo for free.

Steps:

- On the edit page, find the **Upload a headshot** section
- Choose a JPEG, PNG, or WebP image file under 5 MB from your computer
- Wait for it to upload

Expect: The photo appears as your headshot on your profile page. No payment screen, no paywall, no fee. Free.

Note: How fast does it upload? Does the image look crisp? Any unexpected errors?

[] Pass [] Fail Notes: _____

C4

[GAP - TEST & NOTE]

Who: Maya, accidentally picking the wrong file type or a very large image

Goal: See a clear, friendly message explaining the limit.

Steps:

- On the edit page, try uploading a PDF file
- Try uploading a very large image (over 5 MB)

Expect: A readable error message explains what file types are allowed and the size limit.

[] Pass [] Fail Notes: _____

C5

[READY TO TEST]

Who: Sam the cinematographer, available for hire

Goal: Signal to the industry that you are available for work.

Steps:

- On the edit page, tick the **Open to work** checkbox
- Save
- View your public profile page

Expect: An amber **Open to work** badge appears on your page.

[] Pass [] Fail Notes: _____

C6**[READY TO TEST]****Who:** Sam or Noor, a professional with film credits**Goal:** See your film and TV credits listed on your page.**Steps:**

- Open any person's profile page (search for them)

- Scroll down to the **Filmography** section

Expect: Their credits are listed with the title and year, newest first. Each title is a clickable link.☐ Pass ☐ Fail Notes: _____**C7****[READY TO TEST]****Who:** Any signed-in user**Goal:** Jump to your own profile page quickly.**Steps:**

- Click **Me** in the top navigation bar

Expect: If you have claimed a page, it opens directly. If not, you see a message prompting you to search and claim one.☐ Pass ☐ Fail Notes: _____**C8****[TEST LATER]****Who:** Maya or Sam, wanting richer profile options**Goal:** Add skills or tags; embed a reel video directly (not just a link).**Steps:**

- (Not built yet)

Expect: Skill tags and an embedded video player appear on the edit page.☐ Pass ☐ Fail Notes: _____**C9****[TEST LATER]****Who:** Theo, a film student with no existing credits**Goal:** Create a profile from scratch and add student/indie films as titles.**Steps:**

- (Not built yet)

Expect: Theo can add new titles and credits that are not in the imported catalog.☐ Pass ☐ Fail Notes: _____

C10

[TEST LATER]

Who: Priya, a costume designer with a wrong or missing credit

Goal: Request a correction to a credit on a title page.

Steps:

bullet (Not built yet)

Expect: A correction request form appears and the credit is updated after review.

☐ Pass ☐ Fail Notes: _____

Section D — Networking & Feed

D1

[READY TO TEST]

Who: Quinn the cinephile, or any user

Goal: Follow someone whose work you admire.

Steps:

- bullet On another person's **claimed** profile page (unclaimed pages do not have a Follow button)

- bullet Click **Follow**

Expect: The button changes to **Following** or **Unfollow**. The follower count on their page increases by one.

Note: You cannot follow your own page.

☐ Pass ☐ Fail Notes: _____

D2

[READY TO TEST]

Who: Same as above

Goal: Unfollow someone you no longer want to follow.

Steps:

- bullet On a profile page you are already following, click **Following** or **Unfollow**

Expect: You stop following them. The follower count decreases by one.

☐ Pass ☐ Fail Notes: _____

D3

[READY TO TEST]

Who: Sam (or any claimed professional)

Goal: Share a professional update with your network.

Steps:

- bullet Go to **Home** (the home page is your feed when signed in)

- bullet Find the composer box at the top (it says something like 'Share an update...')

- bullet Type a short post

- bullet Click **Post**

Expect: Your post appears in the feed immediately.

Note: The post composer lives on Home now — there is no separate Feed page.

☐ Pass ☐ Fail Notes: _____

D4

[READY TO TEST]

Who: Noor, in Sam's network

Goal: See your network's posts on Home.

Steps:

Using one account, follow a second user's profile (or use two people who share a film credit — the feed includes people you've **worked with**, not just people you follow)

Using the second account, write a post

Switch back to the first account and open **Home**

Expect: The second user's post appears in the first user's Home feed, ranked by recency and how close they are in your network.

*Note: To switch accounts, use **Sign out** and sign back in as the other user — or use two separate browser windows to stay signed in as both.*

[] Pass [] Fail Notes: _____

D5

[READY TO TEST]

Who: Anyone reading the feed

Goal: Like and unlike a post.

Steps:

On your Home feed, find a post

Click the heart icon on the post

Click it again to undo

Expect: The heart fills in when liked and empties when unliked. The like count changes accordingly.

[] Pass [] Fail Notes: _____

D5b

[READY TO TEST]

Who: A user with a few connections (a friend-of-a-friend network)

Goal: See posts from your extended network, clearly labelled.

Steps:

Build a small chain: you follow A, and A follows B (whom you do not follow)

Have B write a post

Open your **Home** feed

Expect: B's post can appear in your feed with an '**In your extended network**' badge, ranked below closer (direct-network) posts.

Note: Direct network = people you follow or have worked with; extended network = friends-of-friends.

[] Pass [] Fail Notes: _____

D5c

[READY TO TEST]

Who: Anyone building out their network

Goal: Discover relevant people via 'People you may know'.

Steps:

bullet Open your **Home** feed

bullet Look at the suggestions rail / section

Expect: A '**People you may know**' list suggests collaborators connected to your network (e.g. people who share credits with those you follow). Each has a Follow button.

[] Pass [] Fail Notes: _____

D5d

[READY TO TEST]

Who: A brand-new user with almost no network yet

Goal: Avoid an empty, discouraging feed on day one.

Steps:

bullet Sign up as a fresh user and follow fewer than five people

bullet Open your **Home** feed

Expect: Instead of feeling empty, the feed shows a friendly **cold-start** onboarding banner (e.g. 'Let's build your network') with prompts to claim your page and follow people.

[] Pass [] Fail Notes: _____

D6

[TEST LATER]

Who: Anyone

Goal: Comment on a post.

Steps:

bullet (Not built yet — likes only, no comments yet)

Expect: A comment box and comment thread appear below each post.

[] Pass [] Fail Notes: _____

D7

[TEST LATER]

Who: Sam, wanting to anchor a post to a specific title

Goal: Write a post that is linked to a film or TV show.

Steps:

bullet (Not built yet — posts are plain text only)

Expect: A 'tag a title' option appears in the post composer.

[] Pass [] Fail Notes: _____

D8

[GAP - TEST & NOTE]

Who: Alex assembling a crew, or Quinn exploring collaborations

Goal: See a list of people a person has worked with on their profile.

Steps:

bullet (The worked-with graph is live — it already powers your Home feed and 'People you may know' suggestions — but it is not yet shown as a section on the profile page itself)

Expect: A 'Worked with' section appears on profile pages, showing people who share film credits.

[] Pass [] Fail Notes: _____

Section E — Hiring & Discovery

All scenarios in this section are coming later. Listed here so you know what is planned.
